### Re: Surrey Connect Grievance - [REDACTED]

As full and final resolution to the above noted grievance, the parties agree that:

1) [REDACTED]

2) Supplementary teaching assignments at Surrey Connect (part-time assignments with scheduled office hours and unscheduled online support) will be posted and filled as follows:

- a) Each vacancy will be posted as a term assignment at a specific FTE percentage in a Special Staff Bulletin open to: Unit 1 contract teachers, teachers on the recall list, TOC's and outside applicants. For contract teachers, these assignments will be additional to any current assignment.
- b) Postings filled by teachers with a 1.0 FTE contract will be paid as hourly work as per Article 50, and will not increase the teacher's FTE contract entitlement.
- c) Postings filled by teachers with a contract of less than 1.0 FTE will be considered part-time assignments, with salary and contract entitlement commensurate with the percentage of the posting.
- d) Postings filled by teachers on the recall list will be paid as hourly work as per Article 50. This will not form part of the teacher's contract entitlement while he/she remains on the recall list. When the teacher is recalled, the Surrey Connect assignment will be retained, and b.) or c.) above will apply as appropriate, effective the date of re-engagement.
- e) These assignments will not be considered "positions" for the purposes of Article 35 re-engagement.
- f) A teacher's maximum contract entitlement will be 1.0 FTE.
