RE: Article B.23.2 Evaluation of Related Experience

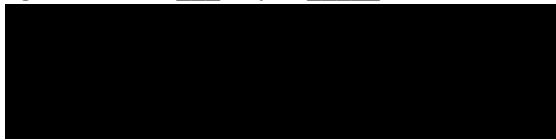

Whereas:

- a. Article B.23.2.b states "To be eligible for consideration, teachers must file, in writing, their intent to claim for non-teaching experience within six (6) weeks of the effective date of their appointment.", and
- b. Article B.23.2.d states "To be eligible for consideration, teachers must spend over one-half of their teaching time in the applicable subject field."

Now therefore, the parties agree to the following.

1. As per Article B.23.2.b, teachers must continue to "file, in writing, their intent to claim for non-teaching experience within the first six (6) weeks of the effective date of their appointment" where "appointment" refers to their first contract assignment with the District.
2. A teacher who has filed their intent in writing, as per B.23.2.b, will then have three calendar years from the start date of their first contract assignment with the District to achieve an assignment where they "spend over one-half of their teaching time in the applicable subject field", as per Article B.23.2.d. The teacher will then have two calendar weeks from the start date of the assignment where they "spend over one-half of their teaching time in the applicable subject field" to contact Human Resources in writing and activate their claim for related experience.
3. Related experience gained through this process will be backdated to the start date of the assignment where they "spend over one-half of their teaching time in the applicable subject field".
4. Upon giving 90 days notice, either party may choose to withdraw from this agreement.
5. This agreement is without prejudice and will not be used or referred to in any other forum except for the purpose of enforcing the terms and conditions of this agreement.
